

SUMMARY

Fresh Computer Science graduate majoring in Software Engineering, seeking an opportunity to begin my career in the technology industry. Equipped with hands-on experience in software development, IT support, business analysis, and quality assurance through academic projects and industry internships. Adaptable and detail-oriented, with strong collaboration skills and the ability to work effectively across teams, along with a keen interest in learning new technologies and delivering reliable, high-quality software solutions.

EDUCATION

Bachelor of Computer Science (Software Engineering) with Honours October 2023 - August 2026
Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA), Pekan, Pahang
CGPA: 3.70

Final Year Project: IT Asset Management System (ExactAsset)

Technologies Used: Laravel (PHP), JavaScript, CSS, MySQL
